Welcome to ArtsNational Cairns.

A place where curiosity meets creativity, and art lovers connect.

ArtsNational Cairns is part of a vibrant, not-for-profit network of over 5,500 members and 36 societies across Australia – all passionate about sharing and exploring the world of the arts. Our Cairns branch is a small, lively and welcoming community of locals who enjoy thought-provoking lectures, rich storytelling, and the chance to come together over a shared love of culture.

We host eight beautifully illustrated talks each year – all delivered by expert speakers in their fields. In addition to our lecture series, we also enjoy relaxed social outings throughout the year – visiting local exhibitions, trivia, and exploring Cairns' creative side together.

Whether you're a long-time art enthusiast or just keen to learn something new, you'll find a friendly space here to connect, be inspired, and enjoy the arts in good company.
