

CHARLOTTE WALKER

2021 AICCM/ADFAS Mid-Career Scholarship

As an Objects Conservator at Museums Victoria, Charlotte is often responsible for mounting the costume collection that spans from early 19th century to present day.

Charlotte has received the Scholarship to attend a suit of pattern making courses at the Centre for Adult Education, Melbourne, to make underpinnings and supports for historical garments.

By attending the courses in pattern making, Charlotte will increase her skills in creating underpinnings for the safe and aesthetic display of historical costume and garments.
