

ADFAS Canberra Young Arts Update

ADFAS Canberra has had a long and fruitful relationship with the Canberra Glassworks at Kingston. Over the last few years we have provided scholarships to glass practitioners to enable them to participate in workshops with specialists from overseas. This has been of great benefit to this unique organisation and to students from not only Canberra but also from around Australia. We hope to continue this support in 2024 and encourage you to contribute to the Society's efforts.

Tasmanian glassblower Keith Dougall at the Canberra Glassworks. ADFAS Canberra contributed support to enable Keith to undertake a residency at the Glassworks.
